

Platinum

24/7 Preventive & Primary Care

Cooper Clinic

“I’ve long advocated that it is easier and more cost effective to maintain good health than to regain it once it is lost. The answer to attain and maintain that good health is Cooper Clinic Platinum.”

– Kenneth H. Cooper, MD, MPH,
Founder and Chairman,
Cooper Aerobics

Platinum

lifelong care

At Cooper Clinic Platinum, a concierge medical service, we know health care is on everyone’s mind. But today’s health care is no longer associated with personal care. It’s missing those important one-on-one interactions that made medicine what it used to be—a true partnership between patient and physician. At Cooper Clinic Platinum, we’re bringing personal attention and the patient/doctor bond back to the forefront.

As an exclusive Cooper Clinic Platinum member you will experience a world of personalized service, cutting-edge preventive medicine and advanced primary and acute medical care—all within your reach 24 hours a day, 7 days a week.

*Life never pauses, neither
should your health care.*

Built on history

Cooper Clinic Platinum was established in 2010 meeting the needs of patients who preferred around-the-clock access to a Cooper Clinic physician in addition to acute and primary care. Serving members 365 days a year, our Platinum concierge program is based upon Dr. Kenneth H. Cooper's revolutionary concept: the idea that you could live a better, longer life by simply maintaining good health. For 50 years, Cooper Clinic has been a partner in good health for patients from around the globe and conducted more than 300,000 physical exams by a preventive health care team that delivers unmatched medical expertise and unequalled personal attention.

People who are personally empowered to gain control over their health have a greater chance of making and sustaining lifelong positive changes.

Beyond complete

As a Platinum member, you reap rewards well beyond the initial bond between you and your personal Platinum physician. Integrating preventive and primary care, fitness, nutrition and life balance, your Platinum physician provides comprehensive care, looking at your health from all 360 degrees. More than that, your Platinum physician is your trusted advisor and health advocate, working with you proactively to prevent illness and maximize your quality of life now and for years to come.

And because wellness is the continuously active process of maintaining a healthy body and mind, your Platinum status entitles you to a complimentary membership to our renowned Cooper Fitness Center, with access to some of the world's leading professionals, facilities and programs.

Life is a journey. It evolves. It changes and it grows. Cooper Clinic Platinum wants to be your partner through it all and bring you a level of care you've never even imagined.

*Membership in Cooper Clinic Platinum
is an investment in yourself with benefits
money can't buy.*

Privileges of membership

Your membership in Cooper Clinic Platinum is an investment in yourself with truly extraordinary benefits:

- Preferred pricing on Cooper Complete® nutritional supplements

*Personal physician, customized care, priority appointments
and individualized diagnostic testing. Everything you're
looking for and much more.*

Tiers of diagnostics

Cooper Clinic Platinum membership has two tiers of protection. The foundation of your protection is the annual Cooper Clinic comprehensive preventive exam and personalized wellness plan by your Platinum physician or existing Cooper Clinic physician. You are **required to have an annual preventive exam** unless otherwise deemed by your physician.

- The annual preventive exam may include: Medical Exam and Counseling; Laboratory Work and Analysis; Cardiovascular Screening; Dual Source CT Scan; Nutrition Coaching and Food Record Analysis; Skin Cancer Screening; Bone Density Screening; 3D Mammography; Medical Screenings of Vision, Hearing, Body Fat, Pulmonary/Lung Function and Oral Cancer; and Other Medically-Indicated Tests
 - Imaging services include: Ultrasound; Contrast Studies; Recommended X-ray or CT Procedures
- Based on the tier you choose, additional diagnostic services may be covered.*
- Cardiology: Echocardiogram; CT Angiogram
 - Gastroenterology: Colonoscopy; Endoscopy

*“No matter how old you are, or how many times
you’ve given up in the effort to get healthy—you
can be successful and you can start today.”*

– Tyler C. Cooper, MD, MPH,
President and CEO,
Cooper Aerobics
